RESPONSE TO NOTICE TO FILE
CORRECTED APPLICATION PAPERS

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

This communication is in response to a Notice to File Corrected Application Papers mailed 11 May 2001.

The Notice states that a substitute specification is required to be filed in compliance with 37 C.F.R. § 1.52 because the application did not contain the proper margins. In consideration thereof, Applicants have reformatted the specification, including the claims, to fall within the margins of:

LEFT = at least 2.5 cm (1");

TOP, BOTTOM, and RIGHT = at least 2.0 (3/4").

No new matter is being submitted, and no amendments have been made to the specification. The contents of the specification are identical to those of the specification as filed, with the one exception that pagination has changed due to margin alteration.
